

There are lots of sheet metal parts in automotive need to be formed by stamping dies. We are experienced in stamping dies for automotive. The dies we have made are exported to Ecuador, North American, America, etc. We have rich experience accumulated by producing automotive parts with excellent quality, optimized lead time and cost efficiency.

Auto parts we have made relate to seat assembly, frame, bumper, fender, closure panel, header elements, rear assembly, steeling wheel, cylinder gasket, , and metal accessories of automotive. Auto brands extend from KIA, SINOTRUCK, FIAT, FAW, HONDA, to VW, TOYOTA, FORD, G. Motor, Mitsubishi, and so on.

With reliable quality, wide knowledge and technologies, and perfect service system, we win the strategic partnership with KIA, SINOTRUCK, VW, and also the moulds are high acknowledged by customers from over 30 countries, including USA, South Africa, Argentina, Brazil, Korea,

Japan, UK, Germany, India etc. The business relationship with some customers reach more than 4 years old.

To make best quality moulds, guaranteed delivery time, excellent service and cost efficiency will be our forever promise to each customer.
